

Weekly Newsletter

Week Beginning: 11th May 2026

This week at School

What a busy week we have had! Neli brought us the story Dinosaur Rocket written by Penny Dale. We have been talking about the planets and stars in the solar system and thinking about how astronauts travelled to the moon.

The children used junk modelling materials to carefully create their own rockets or space buggies. Their imagination and creativity is wonderful! We also took part in a whole class Spanish lesson with BilinguaSing.

Special Words

splash moon brave quiet

Ideas for Home

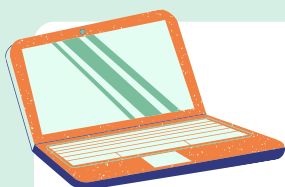

There are lots of resources around your house that can be used to create Maths fun! We have been matching quantity to numbers recently.

Use an egg carton, write numbers on it and see if your child can put the corresponding amount of items in each section. You could use pennies, beans, buttons etc! Share their hard work with us via Famly!

Reminder

Reminder that the Nursery School and Childcare Centre will close normal time on Friday 22nd May for one week for half term. We will reopen on Monday 1st June!
